Our Subscription Plans are a great way for our small business clients to get answers to business or legal questions as needed, without having to worry about the time-clock ticking and high hourly fees.

Whether it's a compliance issue, a cease and desist letter, a commercial lease that you'd like reviewed, or a dispute with a client, you can pick up the phone or send an e-mail and get a quick response (if possible) from your attorney.

Our higher-level Subscription Plans include additional services such as document review, contract drafting, business correspondence, and research.

All of our Subscription clients receive a discount on all other business or legal work completed during the subscription period. In addition, if you pay for a 12-month subscription period in advance, you'll receive one month free.

Fair-trade, socially responsible, non-profit and sustainable businesses, as well as businesses promoting the welfare of animals, receive 20% off all subscription services.

* "Basic" documents are those that require up to 1.5 hours of legal research.

Tasks requiring more than 1.5 hours of legal research are not considered "basic," and as such, fall outside of the scope of our subscription program. Depending on the complexity of the issues involved, these services can either be purchased at our fixed fee rates, or will be subject to the firm's general hourly rate.

Any services falling outside of the subscription program require the execution of a separate, written agreement of the Client and the Firm.
